To reproduce the color part number of this dark navy that I assumed at the time, I found a factory that made this yarn at that time, and this was made through a process of using the thread to make a sweater in the factory that currently makes US NAVY knits. Of course, this sweater is attractive, but this sweater is also attractive for the comfort you can see when you wear it. Mock Neck Sweater 29,000 USD +Tax Color 40 Erfliegt Dark Navy Size XS/S Made in USA The size feel is 0. Neck and feel of ribs. This feeling of size that stops at the waist is the point. Women are not allowed to wear casual sweaters like they do, and they may not accept such gender-agnostic clothing (laughs), but those who like men's clothes will surely like it. It's not a design, but it's a sweater that can be worn at any time as one that shines in simple dresses, and then layered with a shirt or vest in a jacket. In addition, the balance in combination with wide trousers is also very good. Hat:Maiaimibelt:MASTER&Co.pants:tenne handmade modern shoes:CHURCH'S Hat:Luciano Berni Scarf:TOUJOURS Pants:TOUJOURS Jeans jacket:orslow Rock:orslow necklace:sharing Shoes:SANDERS :: This USN mock neck sweater that I've been using personally for a long time. It's a sweater That I really like because it's good with a compact sense of size and that casual feel. One year I liked it so much that I wore it for about half the week, so it was often said that I always wore it. It's also good to fit the man to the fullest, and it's perfect for a skirt. I often wear the inside with a single cut-and-new, but I enjoy and take small changes so that I can only understand myself how to fit it with a vest or stick a scarf around my neck.
